

A SHOE SALE.

To meet the unprecedented demand for Tan Oxfords this season we have been obliged to carry an enormous stock. Our inventory just taken shows that we still have practically complete assortments of the most desirable styles. Since our store policy permits of no carrying over of unseasonable goods from one year to another, and in order positively to insure a quick clearance of these lines we announce a sale on all of our light weight summer shoes.

CHAPTER III.
THE MESSENGER.

THE next day Mentu was bending over fresh sheets of papyrus, and when his son entered and stood beside him he raised his head defiantly.

"I have another royal obelisk to decorate," he said, fixing the young man with a steady eye, "of a surety—without doubt—inevitably—for the thing is all but ready to be set up on On."

Before Kenkenes could ask for enlightenment a female slave bowed in the doorway.

"The Lady Senet sends thee greeting and would speak with thee. She is at the outer portal in her carriage," she said, addressing Mentu.

The great man sprang to his feet, glanced hurriedly at his ink stained fingers, at his robe, and then fled across the court into the door he had entered to change his dress the day before.

Kenkenes smiled, for Mentu had been a widower these ten Nile floods. The slave still lingered.

"Also is there a messenger for thee, master," she said, bowing again. "So? Let him enter."

The man whom the slave ushered in a few minutes later was old, spare and bent, but he was alert and restless. His eyes were brilliant and over them arched eyebrows that were almost white. He made a jerky obeisance.

"Greeting, son of Mentu. Dost thou remember me?"

The young man looked at his visitor for a moment.

"I remember," he said at last. "Thou art Ranus, courier to Suofru, priest of On."

"Mine errand is urgent. I am come from Asar-Mut to thee. He bids thee prepare for a journey before presenting thyself to him."

"Mine uncle is gracious. Salute him for me and tell him I obey."

The old man withdrew.

When Kenkenes crossed the court a little time later, he met his father.

"The Lady Senet brings me news that makes me envious," Mentu began at once, "and shames me because of thee."

Kenkenes lifted an expressive brow at this unexpected onslaught. "Nay, now, what have I done?"

"Nothing," Mentu asserted emphatically, "and for that reason am I wroth. The Lady Senet's nephew, Hotep, is the new chief of the royal scribes."

"I call that good tidings," Kenkenes replied, a cheerful note in his voice, "and worth greeting with a health to Hotep."

The artist regarded his son scornfully for a moment.

"I have this moment been summoned by my holy uncle, Asar-Mut, to go on a journey, and I know not when I return," said Kenkenes.

"Humph!" the elder sculptor remarked. "Asar-Mut has kindly tastes. The couriers of priests are not usually of the nobility. But get thee gone."

The pair separated, and the young man passed into the house.

When, half an hour later, Kenkenes entered a cross avenue leading to a great square in which the temple stood, he found the roadway filled with people, crowding about a group of disheveled women. These were shrieking, wildly tearing their hair, beating themselves and throwing dust upon their heads. Kenkenes immediately surmised that there was something more than the usual death wail in this.

He touched a man near him on the shoulder.

"What may these distracted women be?" he asked.

"The mothers of Khafra and Sigur and their women."

"Nay! Are these men dead? I knew them once."

"They are by this time. They were to be hanged in the dungeon of the house of the governor of police at this hour," the man answered, with morbid relish in his tone. Kenkenes looked at him in horror.

"What had they done?" he asked. The man plunged eagerly into the narrative.

"They were tomb robbers and robbed independently of the brotherhood of thieves. They refused to pay the customary tribute from their spoil to the chief of robbers, and whatsoever booty

they got they kept, every jot of it. Innumerable mummies were found rifled of their gold and gems, and, although the chief of robbers and the governor of police sought and burrowed into every den in the middle country, they could not find the missing treasure. Then they knew that the looting was not done by any of the licensed robbers. So all the professional thieves and all the police set themselves to seek out the lawless plunderers."

"Humph!" interpolated Kenkenes expressively.

"Aye, and it was not long with all these upon the scent until Khafra and Sigur were discovered coming forth from a tomb laden with spoil, and in the struggle which ensued they did murder. But the constabulary have not found the rest of the booty, though they made great search for it and may have put the thieves to torture. Who knows? They do dark things in the dungeon under the house of the governor of police."

Kenkenes stalked off toward the temple, his shoulders lifted high with disgust.

Presently the avenue opened into the temple square. The shadow of the great structure darkened its approaches before it was clearly visible through the grove. The devotee entered a long avenue of sphinxes—fifty pairs lining a broad highway paved with polished granite flagging.

Within the overarching portals Kenkenes was met by a novice, a priest of the lowest orders, to whom he stated his mission. With a sign to the young man to follow, the priest led the way into the temple.

UP TO THE CZAR

Japan Will Make No Further Concessions to Russia.

OUTLOOK NOT BRIGHT

President Roosevelt Striving Earnestly to Accomplish Object of Conference.

Interest Now Centers in Developments at St. Petersburg and Tokio.

Portsmouth, N. H., Aug. 21.—The chances of peace have undoubtedly been improved by President Roosevelt's action in stepping into the breach in a last heroic endeavor to induce the warring countries to compromise their "irreconcilable differences," but the result is still in suspense.

The ultimate decision of the issue has de facto if not de jure passed from the plenipotentiaries to their principals, from Portsmouth to St. Petersburg, and perhaps in a lesser extent to Tokio. Although there are collateral evidences that pressure both by President Roosevelt and neutral powers, including Japan's ally, Great Britain, whose minister, Sir Claude MacDonald, according to advices here, had a long conference yesterday with Mr. Katsura, the Japanese premier, is still being exerted at Tokio to induce Japan to moderate her demands; there is also reason to believe that President Roosevelt was able at this interview with Baron De Rosen to practically communicate to the latter's senior, Mr. Witte, Japan's irreducible minimum—what she would yield, but the point beyond which she would not go.

Whether an actual basis of compromise was proposed by the president cannot be stated definitely. The only thing that can be affirmed positively is that if Russia refuses to act upon the suggestion or proposition of President Roosevelt the peace conference will end in failure.

And in the Russian camp little encouragement is given. Baron De Rosen reached here after an all-night ride from Oyster Bay and immediately went into conference with Mr. Witte. They remained closeted together for almost three hours, during which the whole situation was reviewed. Baron De Rosen communicated to his chief the president's message and it was transmitted to the emperor, together with Mr. Witte's recommendation. No clue to the nature of this recommendation has transpired. But it can be stated that Mr. Witte, no matter how he personally may view the proposition, is distinctly pessimistic as to the character of the response which will come from St. Petersburg. To a confidential friend he offered little hope of a change in the situation.

The Japanese, it is firmly believed, cling to the substance if not the form of this demand for remuneration for "the cost of the war."

Perhaps they are willing to decrease the sum asked, but substantial compensation under whatever guise it is obtained, they decline to relinquish. And they are also firm upon the cession of Sakhalin. By the transfer of the southern branch of the Chinese Eastern railway first to Japan for relinquishment to China, payment for the maintenance of the Russian prisoners and the surrender of the Russian warships, it is possible to figure out a total transfer to Japan in money and property of about \$250,000,000. But this is the limit.

The Japanese as usual are very reticent and it is impossible to obtain from them the least indication of their view of the change in the situation produced by the president's action.

President Has Quiet Day.

Oyster Bay, L. I., Aug. 21.—No news of developments in the negotiations for peace in the far East reached President Roosevelt Sunday. The president remained quietly at Sagamore Hill during the greater part of the day, and the executive offices in the village were closed except for an hour or two. A few dispatches were sent and some were received, but they are understood to have been of a routine character. The president, after attending the morning service at Christ church with Mrs. Roosevelt and the children, remained at home with his personal guest, Dr. Alexander Lambert of New York, until late in the afternoon, when he and Dr. Lambert went for a long walk.

Prosperity in Cuba.

Washington, Aug. 21.—In a statement furnished to the press regarding "the prosperity of Cuba," Senor Quesada, the minister from that island, declared that its prosperity was such that even the most optimistic are surprised. There was no section of the island, the minister said, which had not received a great impetus commercially and industrially, and with the continuance of "the excellent sanitary conditions, the increasing production and investments, it is to be expected that in a few years the wealth of the country will be doubled."

Fly Fishing Contest.

Chicago, Aug. 21.—E. B. Bartholomew of Kalamazoo, Mich., won the world's championship for long distance bait-casting at the fourth annual international fly-casting tournament at Garfield park yesterday, with a high average of 183.4-9-60 feet. F. T. Rhodes of Kalamazoo was second with a high average of 178.40-60 feet. The next annual tournament will probably be held at Kalamazoo.

Dear Pest-House Lodger.

Evansville, Ind., Aug. 21.—William Farmer has entered suit against Dr. W. S. Grizzle, one of the local small-pox physicians, asking \$1,000 damages. He alleges he was sent to the pest-house when he had no smallpox and that he contracted the disease there.

ANTI-CIGARETTE LAW

A Battle Royal Promised When Supreme Court Convenes.

Indianapolis, Aug. 21.—At the opening of the fall term of the supreme court the case to determine whether or not the anti-cigarette law is constitutional will be argued. The attorneys for W. W. Lowry of this city, the defendant, have already filed their brief and the attorney general is now getting his ready. The brief for Lowry contains a number of ingenious propositions. No attempt is made to dispute the right of the state to forbid the sale or manufacture of cigarettes within its borders, but it is insisted that it has no authority to extend its police powers to prevent an individual from smoking. In this connection the point is made that the individual does no injury to society by smoking; that the injury ends with him and that the state has no right to interfere with his personal enjoyment so long as he does not interfere with the state. For example, anticipating that the state will claim that the legislature sought to prevent personal smokers from injuring their body and mind, the brief goes on to ask why the state did not enact a law compelling men to wear mackintoshes in the rain to keep them from taking cold. "Why not prohibit men from drinking coffee?" it is asked. It is also pointed out that the state can no more prohibit a man from smoking than it can from getting drunk by himself if he so desires. The state will take the ground that these arguments are far fetched and that by smoking a man not only injures himself, but is a menace to society. In asking the supreme court to affirm the law the state will be asking it to extend the police power over individuals a step further than it now exists.

One of the officials of the Anti-Saloon League of Indiana made the following statement today: "The Moore law is a great success. We are doing most of our work in the rural communities, where we have a better chance now than in the larger cities. We are saving them for the final effort. We are trying to be as practical as possible in our movement, for wherever we find that we can't succeed we turn our attention elsewhere, for we realize that it would be foolish to bump our heads against a stone wall. Since the Moore law went into effect we have closed between 250 and 300 saloons, and we will probably close that many more by the end of the year. The work has just begun, however, but we are satisfied at the progress we are making. Already we have over 100 townships where no liquor can be legally sold during the next two years. But what we want is a law that will permit us to remonstrate against all the liquor business of an entire county or city. We are educating the people to help us obtain it. When that is done we will try to get a law that will permit a remonstrance to cover the entire state, and in that way bring about absolute prohibition. The league has a number of active speakers in the field all the time helping the cause along."

Congressman-elect John C. Chaney of Sullivan has announced the appointment of the following presidential postmasters for the Second district: Vincennes, John W. Emison; Mitchell, Jas. Edwards; Bedford, S. L. Keach; Worthington, George Taylor; Bloomfield, John W. Graham. No agreement has been reached regarding Spencer. The other presidential postmasters will serve a year or so, but they will then be retired so there will be a complete set of new men. The present postmasters were appointed by Vice President Fairbanks when he was in the senate. Graham of Bloomfield has been deputy treasurer of state under Nat. U. Hill for the last three years. Edwards of Mitchell has been a member of the house during the last two sessions of the legislature. Emison is a well-known party leader. He will succeed Thomas Adams, who has held the office through two administrations. Mr. Chaney has been trying to make the appointments without stirring up trouble, as he wants to have the party workers united behind him when he makes his second campaign next year.

Mikado Buys Hoosier Castings. Mishawaka, Ind., Aug. 21.—Twelve carloads of iron castings have left this city for Japan. The shipment contains machinery for a rolling mill for the mikado's government and the order was received direct from the official head of that department in Tokio. The cars are loaded with huge pulleys, flywheels, shafting and gearing and the consignment represents about 360,000 pounds. The machinery was turned out at the plant of the Dodge Manufacturing company in this city and employees of that concern had been working on the parts for a month. The cost to the Japanese government will exceed \$30,000.

A Marion Failure.

Marion, Ind., Aug. 21.—William Knight, one of the substantial citizens of this city, has made an assignment of all of his property for the benefit of creditors. He recently planned two additions to the city. These are included in the assets.

Curzon's Resignation Accepted.

London, Aug. 21.—The resignation of Lord Curzon of Kedleston as viceroy of India and the appointment of the Earl of Minto as his successor, was announced at the India office last night.

LABOR ILLY PAID

Ambassador Conger Says Chinese Can Not Buy Extensively of America

NO YELLOW PERIL

Has No Fear of Japanese Influence in China. Determined to America.

Railway Construction and Internal Improvements Will Help Empire by Employing Labor.

Washington, Aug. 21.—Edwin H. Conger, American ambassador to Mexico, is in Washington on his way to his home in Iowa from his recent visit to President Roosevelt at Oyster Bay. In an interview last night he said that he was not going to China, as had been reported he might do, to allay the agitation there against American imports. He declined to say positively whether he would return to his post at Mexico City after the expiration of his two months' leave of absence, saying that it would be time enough to discuss the latter when the leave expired.

Speaking of the Chinese, the ambassador said that when people talk about their buying extensively of American goods when the Orient is opened after the Russian-Japan war, it must be remembered that people cannot buy unless they have money to buy with. A coolie makes \$5 per month in Mexican money and cannot be expected to support his family and invest heavily in articles of American manufacture at the same time. Probably the best investment at the present time, the ambassador said, is in railroads. In the building of them much labor would be employed and money might be obtained by the natives in that way.

The idea of Japan exerting a great influence in China after the close of the war with Russia, Mr. Conger declared, is a big bugaboo, the outgrowth of another big bugaboo, the so-called "yellow peril." There is no yellow peril. America has no more to fear from Japan than from any other powerful or competing nation.

IN BAD HUMOR

President Castro Acting Real Naughtly Again and May Be Sorry.

New York, Aug. 21.—Venezuela has placed orders, it is said, in Europe for torpedo boats with guns and ammunition at the cost of about \$2,500,000, a larger amount than that little South American republic has ever expended at one time for war materials. An American who has just returned from Venezuela is authority for the statement that President Castro recently declared that he was going to "fight the Yankee," which explains the unusually large order for ships, arms and ammunition.

It is reported that when the Venezuelan chief executive heard recently of the appointment by President Roosevelt of Judge William J. Calhoun as special commissioner to investigate certain affairs at Caracas his anger was great and his language immoderate. He announced that he would not permit the emissary of President Roosevelt to land in Venezuela.

Norway and Sweden.

Christiania, Aug. 21.—The startling assembled today. It is said that the Norwegian government will in a day or two submit a proposal relating to the dissolution of the union of Norway and Sweden. Both governments are anxious to secure a solution of the difficulties at the earliest date possible. Consequently it is understood that the storthing will request the riksdag to secure dissolution of the union by a formal resolution and repeal of the treaty, and will immediately authorize the government to negotiate with the riksdag concerning Sweden's conditions. There is an apparent strong feeling against the acceptance in toto of Sweden's terms and especially against the destruction of any fortresses. Should Sweden not recede it is considered probable that Norway will propose arbitration of the disputed points.

Taft Enthusiastically Received.

Manila, Aug. 21.—Advices from Zamboanga say that three wonderful demonstrations were held there in honor of Secretary of War Taft and party. All the tribes in the Moro provinces and the leading datus were represented. There was a procession, a drill by Moro and native soldiers, a parade and native dances. At night there was a dance at the American club and a reception by the Mindanao club. The Twentieth Infantry, commanded by Colonel Mays, led the parade and hundreds of school children sang in English.

PURE BLOOD

INSURES A CLEAR SKIN

When Eczema, Acne, Tetter, Pimples, or other skin diseases make their appearance it is a sure sign that the blood is filled with humors and burning acids. These being forced through the pores and glands burn and blister the skin, producing the eruptions which are usually accompanied with intense itching, and are disfiguring and humiliating.

Years ago my blood was bad, as evidenced by skin eruptions on different parts of the body, and other symptoms, so I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles—do not remember now just how much—my blood was thoroughly purified and enriched and I was relieved of all eruptions and manifestations of impure blood. I believe S. S. S. to be an excellent blood medicine, and any one in need of such a medicine would do well to use it. They will find it a perfect cure as it proved to be in my case. MRS. C. E. SHOEMAKER, Alliance, O., 516 E. Patterson St.

While external treatment relieves temporarily it does not reach the real cause of the disease, because it does not go into the blood. S. S. S., a perfect blood purifier, neutralizes these acids and humors, and by strengthening and toning up the Liver, Kidneys and Bowels, the natural channels of bodily waste, disposes of them instead of allowing them to be forced to the surface through the skin. S. S. S. is PURELY VEGETABLE, the greatest of all tonics for building up the entire system, increasing the appetite and helping the digestion. S. S. S. cures all skin diseases promptly and permanently, leaving the skin soft and smooth. Only by keeping the blood pure can we hope to have a clear skin. WINONA BIBLE CONFERENCE

Eleventh Annual Meeting Is Largely Attended.

Warsaw, Ind., Aug. 21.—A large crowd attended the opening of the eleventh annual Winona Bible conference at Winona Lake Sunday. Rev. Chapman preached the annual sermon in the morning. He arraigned Christian Science, saying: "False doctrines have arisen, and chiefest of these is Christian Science. The Christian Scientists dishonor our Lord. Anything which covers or hides the purpose for which Christ came is false and ought to be rebuked." One hundred and fifteen meetings will be held in the next ten days.

Grand Aerie of Eagles.

Denver, Col., Aug. 21.—The grand aerie of the Fraternal Order of Eagles elected officers yesterday after an almost continuous session beginning at 11 o'clock Saturday morning. H. D. Davis of Cleveland was chosen grand worthy president; Edward Krause, Wilmington, Del., grand worthy vice president; A. E. Partridge, Kansas City, grand worthy secretary; Frank E. Hering, South Bend, Ind., grand worthy treasurer. Milwaukee was selected as the next meeting place by a bare majority over San Francisco. Kansas City aerie's drill team was awarded the first prize, a \$750 banner, for the best exemplification of the new ritual.

A Wisconsin Drowning.

Jefferson, Wis., Aug. 21.—Frank Hall, his oldest daughter, aged fourteen, and his oldest son, twelve years old, were drowned in the Crawfish river yesterday, about two miles from here. Hall and his wife were on the shore fishing while the two children were bathing. The girl was in distress and her father rushed into the river to rescue her. He succeeded in bringing her part of the way to shore when his strength failed and he sank. The son then made an attempt at rescue and he shared a similar fate.

\$500 REWARD FOR WOMEN

WHO CANNOT BE CURED.

So uniformly successful has Dr. Pierce's Favorite Prescription proved in all forms of Female Weakness, Protrusion, or Falling of Womb, and Leucorrhoea, that, after over a third of a century's experience in curing the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$500 in cash for any case of these diseases which he cannot cure.

It STANDS ALONE.—The "Favorite Prescription" stands alone, as the one and only remedy for these distressing common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing, and binding themselves to forfeit, as we, the undersigned proprietors of that wonderful remedy hereby do, to pay the sum of \$500 in legal money of the United States in any case of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of women's peculiar ailments is backed by such a remarkable guarantee; no other medicine for woman's ills is possessed of the unparalleled curative properties that warrant its makers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

Therefore, insist on having Dr. Pierce's Favorite Prescription, and turn your back on any unscrupulous dealer who would insult your intelligence by attempting to foist upon you some inferior substitute, under the plea that "it is just as good." Insist on having the article which has a record of a third of a century of cures and which is backed by those willing to forfeit \$500 if they cannot cure you.

In cases attended by leucorrhoeal drain a solution of Dr. Pierce's Lotion Tablets should be used conjointly with the use of the "Favorite Prescription." They are sold by all druggists, or sent post-paid to the address on receipt of 25 cents in stamps. Send 31 cents in stamps for Dr. Pierce's Common Sense Medical Adviser. Address WORLD'S DISPENSARY, Buffalo, N. Y.

SIDE SWIPE.

Passenger and Freight Crash Together at Nebraska.

Sunday night B. & O. S. W. passenger train No. 3 and the eastbound freight No. 50 came together at Nebraska resulting in a bad wreck. Fortunately no one was seriously hurt. No. 50 had orders to sidetrack at Nebraska for N. 3. The freight was pulling in on the siding but before this train was in the clear No. 3 came down the track at her accustomed speed, the passenger crew supposing the track was clear.

The passenger, running about 40 miles an hour, struck the eleventh car back of the freight engine, wrecking a half dozen cars. The passenger engine turned over and the mail car and baggage car were derailed and turned crosswise on the track. None of the passenger coaches left the track.

Engineer Cliff Markle and Fireman Joe Hedges, of the passenger, jumped just in time to save their lives. Markle received some painful bruises and scratches and Hedges had a wrist badly sprained. Both went on to their homes in Washington.

Chas. B. Huffman was engineer on the freight and Joe Smith was the conductor. None of the freight crew were hurt. All trains from the east were delayed several hours.

Who is responsible for the wreck has not been made known, but the division officers are already investigating and their verdict will be known later.

Jesse James, whose home is at Columbus, was arrested Saturday evening, charged with stealing \$45 belonging to William Clayton. After telling a number of inconsistent stories about it he finally confessed and in default of \$200 bond went to jail to await action of circuit court. He and Clayton worked with a haybaler near the city and boarded on east Second street. It is alleged that the money was taken Thursday night from Clayton's room. Policeman Wolfe was put in charge of the case and with the assistance of the other police soon had James spotted and his arrest followed. \$12.80 of the money was recovered.

Noisless Street Car Rounded.
J. H. Heverling of St. Louis has perfected a system of building roadbeds that is said to be far ahead of any present method. Mr. Heverling's idea is to do away entirely with wooden ties. He would have the rails, which would all be grooved rails on city lines, rest upon I beams of the same width as the bottom of the rails. The rail and I beam would be riveted together. From rail to rail, four feet apart, bars would help maintain the rigidity of the construction. The chief element of rigidity is the concrete bed in which the rails are laid. The concrete lies in a trench fourteen inches deep about the rails and six inches deep between the rails. The inventor believes that he can build an absolutely rigid, noiseless and frost proof roadbed by this method.

Electric Railway Trains.

A five car train with an electric motor car on each end was recently tested on the Log Island railroad. The motorman had absolutely no trouble with the train, and when the run, averaging fifty-seven miles an hour, had been made the officials said they were amply satisfied with the showing made. The opinion was expressed that the motorman would have no trouble in keeping up an average speed of forty-five miles an hour or better.

Space Too Small.

The Monarch Carnival Company which is to be in Seymour during the week of the Log Rolling and Encampment, is showing at Shelbyville this week and an article in the Indianapolis "Star" from that place speaks for itself.

The Monarch Carnival Company which has a contract with Shelbyville for a week's engagement is at a loss to know what to do with its attractions, as the space granted the show by the City Council is not sufficient. Manager Mitchell of the carnival company was in consultation with the city officials this evening and asked for additional street space to display his attractions, but this was refused by the city officials. As the City Council does not meet again until Tuesday the carnival company is debating what attractions to unload.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Grave Trouble Foreseen

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by W. F. JUDGE FOR YOURSELF.

Which is Better—Try an Experiment or Profit by a Seymour Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back, A lame, Weak or Aching one, Would you experiment on it?

You will read of many so-called cures

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony.

Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

Mrs. James Pollard, of 501 Cincinnati avenue, says:

"I know that my back stopped aching and that my kidneys have not bothered me since I used Doan's Kidney Pills, sold at C. W. Milhous', the druggist. I had, previous to using them, a feeling of languor which made me tired mornings, my back ached all the time and at times I was very dizzy. After the positive results I obtained from the use of Doan's Kidney Pills I have no hesitation in recommending this reliable remedy to others."

REUNION.

Former Jackson County People Get Together.

Former residents of Jackson, Jennings and Scott counties, now residing in Indianapolis, held a reunion and picnic at Brookside Park Sunday. It was by far the largest gathering of this kind yet held at the capital city and every one present enjoyed it.

The welcome address was made by the president, Emmons Brown, formerly of this city. Rev. Thos. Jones, of Seymour, was present and delivered a sermon that was listened to very attentively and with profit. Lynn B. Price, formerly of Scott county, made a brief address.

Capt. Jos. Baisley, former mayor of Seymour, gave a reading, "Jake Snyder's Ride," which was thoroughly enjoyed.

Before the close of the meeting it was decided to meet again next year on the third Saturday afternoon in August. The following officers were elected unanimously for the coming year: Wayne Ray, president; Dr. J. R. Anthony, secretary; Dr. M. H. Fields, vice president for Jackson county; Everett Wagner, vice president for Jennings county, and Will T. Walker, vice president for Scott county.

The Sentinel gives an illustrated write-up of this reunion, printing good pictures of Emmons Brown and A. M. Fitch, formerly of this city. A long list of former residents of the three counties are also published.

Teams to Come.

Team No. 3558 of the Marion Camp of Indianapolis, will come to Seymour Monday, September 4th, of the Log Rolling, and will remain the entire week. Capt. Fox will be in charge and at least 100 people are expected in that delegation. Team No. 4125 of Saratoga Camp, of Saratoga, Indiana, will also be here that week. There still remains a number of camps to be heard from and that there will be a very large crowd at the Log Rolling is a sure thing.

SEEING AMERICA.

Wonderful Scenic Trip Across Rocky Mountains to Oregon Exposition.

In certain respects the excursions to the Lewis and Clark Centennial Exposition, Portland, Oregon, via Pennsylvania Lines, beginning May 23rd and continuing through the summer, offer advantages never before presented to Exposition visitors. The trip to the Oregon Exposition, in addition to the attractiveness of the extensive exhibits, includes the journey through the scenic wonderland of the Rocky Mountains and the Cascade Range, and what American has not looked forward from the days of the geography class in school to the time when those great sights should be seen in reality? The time was never so favorable as now. The trip may be made less expensive than ever. For only a light difference in fare tourists may extend their trip to San Francisco and Los Angeles. The return trip may be made over a different route, enabling travelers to view much more of the west. For full particulars, fares, dates of special excursions to Portland on account of conventions, through time and passenger service apply to ticket agent of Pennsylvania Lines.

Excursion Fares to Philadelphia Via Pennsylvania Lines.

September 15th, 16th and 17th excursion tickets to Philadelphia, account meeting, Odd Fellows, Patriarch's Militant and Sovereign Grand Lodge, will be sold from all ticket stations on the Pennsylvania Lines. For full particulars regarding fares, time of trains, return limit, etc. apply to Local Ticket Agent of those lines.

A Living Monument.

If we were to assemble all those who have been cured of heart disease by Dr. Miles' Heart Cure, and who would to-day be in their graves had not Dr. Miles' been successful in perfecting this wonderful heart specific, they would populate a large city.

What a remarkable record—a breathing, thinking, moving monument, composed of human lives,—that for which every other earthly possession is sacrificed.

The Miles Medical Co. receive thousands of letters from these people like the following:

"I feel indebted to the Dr. Miles' Heart Cure for my life. I desire to call the attention of others suffering as I did to this remarkable remedy for the heart. For a long time I had suffered from shortness of breath after any little exertion, palpitation of the heart, and at times terrible pain in the region of the heart, so serious that I feared that I would some time drop dead upon the street. One day I read one of your circulars, and immediately went to my drugist and purchased two bottles of the Heart Cure, and took it according to directions, with the result that I am entirely cured. Since then I never miss an opportunity to recommend this remedy to my friends who have heart trouble. In fact I am a traveling advertisement for I am widely known in this locality."

J. H. BOWMAN,
Manager of Lebanon Democrat,
Nashville, Tenn.

Dr. Miles' Heart Cure is sold by your drugist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

They are very nice to eat."

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for consumption, coughs and colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. DETROIT OWENS

Having a Mysterious Time
Unraveling the Bedford
Mystery.

HE MAY BE ARRESTED

Prosecutor Takes No Stock in His
Editors to Find Murders of
Miss Schaefer.

People of Bedford Once More
Wrought Up Over the Dark Mys-
tery and Expect Revelations.

Bedford, Ind., Aug. 21.—There will be no warrants issued as yet in the Schaefer case on the affidavits filed by Robert Owens, the most advertised detective, who returned from Indianapolis, where he claimed to have been in council with the state officials regarding evidence he had unearthed as to who the guilty parties were that killed Miss Schaefer, the Bedford school teacher found dead in a cash shed about eighteen months ago.

Ever since the murder Owens has been playing detective and has caused himself to be much advertised in the metropolitan papers by correspondents from this city, who thought his evidence was of a substantial character.

Be that as it may, he has been working on about the same line as all others who have been trying to gain evidence sufficient to convict the party claimed to have done the murder. On his arrival at Oolitic in this county, Owens went before Justice Harry France and filed affidavits against S. B. Lowe, Frank Evans and Elmer Browning as the guilty parties to the crime. Prosecutor Fletcher, hearing of the incident, left for Oolitic to look after the matter, saying he would not recognize any warrants issued by France on the strength of Owens's evidence. Fletcher considers Owens a crank and the matter stops at this point.

Interest in the crime has been revived by the Owens incident, and all the people do not side against him. Some look for actual developments soon.

MYSTERY OF THE DEEP

Body Washed Ashore Recognized by Wife.

Laporte, Ind., Aug. 21.—Peculiar complications have arisen at Fremont, Ohio, as the result of the washing up of the body of a man supposed to be William Theron of that city on the shore of Lake Michigan, east of Michigan City. Attorney Deran of Fremont declares that the body is that of Theron, identifying the body by the size of the shoes which the man wore. The chief of police of Fremont says the body is not that of the missing Fremont man.

It now develops that Theron is a fugitive from justice and that Attorney Deran is on his bond, while a policy for several thousand dollars in an insurance company is carried by the wife, who believes the body in the potters' field is that of her husband. The remains will probably be exhumed in an attempt to throw further light on the mystery.

A Husband's Sad Plight.

Goshen, Ind., Aug. 21.—As a consequence of the humiliation following the conviction of C. E. Rogers, a traveling salesman of Chicago, for hugging and kissing his bride of one week, Fred H. Hill, a Plymouth business man, attempted unsuccessfully to take his life, and is now confined in the Marshall county jail for fear he will become a raving maniac. Rogers is in the same jail with Hill, serving time for attacking Hill's wife. Rogers has asserted from the start that he was the victim of blackmail and not guilty of the charge of hugging Mrs. Hill. The exposure of the kissing episode caused a social flurry at Plymouth. Rogers was charged with assaulting Mrs. Hill after selling her a bill of goods.

Bank Receiver's Report.

Hagerstown, Ind., Aug. 21.—Receiver J. A. Spekenhiser of the defunct Commercial bank of Hagerstown has issued a report concerning the bank's assets, and it shows that overdrafts which are unsecured are \$15,579.61, the total assets are \$77,494.63, and loans and discounts amounting to \$50,741.40 are included in the assets. The report shows that the Columbia National bank of Indianapolis owes the bank \$477.21, the American National owes \$71.45 and the Capital National bank is overdrawn.

Abandons Peach Culture.

Jeffersonville, Ind., Aug. 21.—Jas. K. Sharp, who has been known as the most extensive peach grower in this county, has decided to cut down his peach orchard and devote his time to raising cereals. The failure of the peach crop this year has made Mr. Sharp arrive at this decision.

Boy Killed.

Brazil, Ind., Aug. 21.—Roscoe Black, aged eighteen, was instantly killed while hunting south of Brazil. Black had mounted a stump to shoot at a rabbit when his shotgun slipped from his hands and both barrels were discharged, the load taking effect in the abdomen, terribly mutilating the body.
